

PROSPECTUS

40,089,163 American Depositary Shares Representing 40,089,163 Ordinary Shares Offered by the Selling Securityholders

This prospectus relates to the proposed resale or other disposition by the selling securityholders identified herein of (i) 32,153,500 ADSs including (a) up to 16,076,750 American Depositary Shares, or ADSs, purchased by qualified institutional buyers or accredited investors, or the Purchasers, in a private placement, or the Private Placement, and (b) up to 16,076,750 ADSs issuable upon the exercise of outstanding warrants to purchase ADSs, or the Warrants, held by the Purchasers, and (ii) 7,935,663 ADSs held by ATAI Life Sciences AG, or ATAI, pursuant to a demand registration notice received by us on July 26, 2023, pursuant to our Investment and Shareholders' Agreement, dated April 17, 2020, as amended on August 7, 2020, by and between us and the shareholders named herein, or the Shareholders' Agreement. The closing of the Private Placement occurred on August 18, 2023. We refer to ATAI and the Purchasers together in this prospectus as the selling securityholders.

We are not selling any ADSs under this prospectus and will not receive any of the proceeds from the sale or other disposition of ADSs by the selling securityholders. We will, however, receive proceeds from the exercise of any Warrants. There is no assurance that the holders of Warrants will exercise the Warrants, and we believe the likelihood that these holders will exercise the Warrants, and therefore any cash proceeds that we may receive in relation to the exercise of such securities, will be dependent on the trading price of our ADSs. See "Use of Proceeds" beginning on page 9 of this prospectus.

The selling securityholders may sell the ADSs on Nasdaq or any other national securities exchange or quotation service on which the ADSs may be listed at the time of sale, in the over-the-counter market, through ordinary brokerage trades, pursuant to underwritten public offerings, negotiated transactions, block trades or a combination of these methods or through underwriters or broker-dealers, through agents and/or directly to one or more purchasers, or by any other legally available means. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, or at negotiated prices. See "Plan of Distribution" beginning on page 25 for more information about how the selling securityholders may sell or dispose of their ADSs.

The selling securityholders (which term as used herein includes their respective donees, pledgees, transferees or other successors in interest) may offer and sell or otherwise dispose of any or all of the ADSs described in this prospectus from time to time. The selling securityholders may sell any, all or none of the securities offered by this prospectus and we do not know when or in what amount the selling securityholders may sell their ADSs hereunder.

All expenses of registration incurred in connection with this offering are being borne by us. All selling and other expenses incurred by the selling securityholders will be borne by the selling securityholders.

Our ADSs trade on the Nasdaq Global Select Market under the symbol "CMPS". On September 18, 2023, the last reported sale price for our ADSs on Nasdaq was \$9.07 per share.

PROSPECTUS SUMMARY

Company Overview

We are a biotechnology company dedicated to accelerating patient access to evidence-based innovation in mental health. We are motivated by the need to find better ways to help and empower people suffering with mental health challenges who are not helped by existing treatments, and are pioneering the development of a new model of psilocybin treatment, in which our proprietary, investigational COMP360 psilocybin is administered in conjunction with psychological support, which we refer to as COMP360 psilocybin treatment.

Private Placement

In connection with the Private Placement, on August 16, 2023, we entered into a Securities Purchase Agreement, or the Purchase Agreement, with the purchasers named therein, or the Purchasers, pursuant to which we agreed to sell to the Purchasers, up to an aggregate of (i) 16,076,750 ADSs, representing 16,076,750 ordinary shares, and (ii) accompanying Warrants to purchase up to 16,076,750 ADSs, representing 16,076,750 ordinary shares, at a purchase price of approximately \$7.78 per ADS and accompanying Warrant to purchase one ADS. Each Warrant has an exercise price of \$9.93 per ADS. The Warrants are exercisable at the election of the investors for a three-year period beginning any time on or after the later of (i) February 18, 2024 and (ii) the date this registration statement is declared effective.

The Warrants provide that a holder of Warrants will not have the right to exercise any portion of its Warrants for ADSs if such holder, together with its affiliates, would beneficially own in excess of 4.99% or 9.99% (at the election of such holder) of the number of ADSs outstanding immediately after giving effect to such exercise; *provided, however*, that each holder may increase or decrease such percentage by giving us sixty-one (61) days' notice, but not to any percentage in excess of 19.99%. If there is no effective registration statement at the time of exercise, the Warrants may be exercised on a cashless basis.

The ADSs issued to the Purchasers, the Warrants issued to the Purchasers and the ADSs issuable upon exercise of the Warrants, as applicable, were not initially registered under the Securities Act or any state securities laws. We have relied on the exemption from the registration requirements pursuant to Section 4(a)(2) of the Securities Act, as a transaction by an issuer not involving a public offering. In connection with their execution of the Purchase Agreement, each of the Purchasers represented that securities purchased by such Purchaser were being acquired for investment purposes only and not with a view to, or for, resale or distribution thereof in whole or in part.

Pursuant to the Purchase Agreement, we agreed to file a resale registration statement with the SEC within thirty (30) days following the closing of the Private Placement to register (i) the ADSs issued and sold in the Private Placement and (ii) the ADSs issuable upon exercise of the Warrants issued and sold in the Private Placement. We also agreed, among other things, to indemnify the Purchasers, their partners, members, officers and directors, and each person who controls such Purchasers, from certain liabilities and to pay certain expenses incurred by us in connection with such registration.

The registration statement of which this prospectus is a part relates to the offer and resale of the ADSs issued to the Purchasers pursuant to the Purchase Agreement, including the ADSs issuable upon exercise of the Warrants.

Shareholders' Agreement

Pursuant to the terms of our Shareholders' Agreement, ATAI is entitled to registration rights with respect to certain of its securities under the Securities Act of 1933, as amended, or the Securities Act, including demand registration rights. On July 26, 2023, ATAI exercised its demand registration rights and, in accordance with the terms of the Shareholders' Agreement, we are required to file a resale registration statement on Form S-3 covering 7,935,663 shares held by ATAI within forty-five (45) days after the date ATAI gave notice of such registration request.

Company Information

We were originally incorporated as a private limited company under the laws of England and Wales in June 2020 under the name COMPASS Rx Limited to become a holding company for COMPASS Pathfinder Holdings Limited. COMPASS Rx Limited was subsequently re-registered as a public limited company in August 2020 and renamed COMPASS Pathways plc. COMPASS Pathfinder Holdings Limited was originally incorporated under the laws of England and Wales in June 2017. Our registered office is located at 33 Broadwick Street, London W1F 0DQ, United Kingdom, and our telephone number is +1 (716) 676-6461. Our website address is www.compasspathways.com. We do not incorporate the information on or accessible through our website into this prospectus supplement, and you should not consider any information on, or that can be accessed through, our website as part of this prospectus.

THE OFFERING

The following summary of the offering contains basic information about the offering and is not intended to be complete. It does not contain all the information that may be important to you. For a more complete understanding of our ADSs, please refer to the description of our share capital and our ADSs included in Exhibit 4.3 to our Annual Report on [Form 10-K](#) for the fiscal year ended December 31, 2022 and incorporated by reference herein.

ADSs Offered by the Selling Securityholders	Up to 40,089,163 ADSs, each representing one ordinary share, nominal value £0.008 per share.
Use of Proceeds	We will not receive any proceeds from the sale of the ADSs covered by this prospectus, except with respect to amounts received by us due to the exercise of Warrants.
Nasdaq Global Select Market Symbol	“CMPS”
Offering Price	The selling securityholders may offer the ADSs offered by this prospectus at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, or at negotiated prices.
Risk Factors	You should read the “Risk Factors” section of this prospectus, and the risk factors incorporated by reference in this prospectus, for a discussion of factors to consider carefully before deciding to invest in our ADSs.

RISK FACTORS

Investment in any securities offered pursuant to this prospectus involves risks. You should carefully consider the risk factors described below and incorporated by reference to our most recent Annual Report on Form 10-K and subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K, and all other information contained or incorporated by reference into this prospectus, as updated by our subsequent filings under the Exchange Act, before acquiring any of such securities. Our business, financial condition or results of operations could be materially adversely affected by the materialization of any of these risks. The trading price of our securities could decline due to the materialization of any of these risks, and you may lose all or part of your investment. Additional risks not presently known to us or that we currently believe are immaterial may also significantly impair our business operations.

Risks Related to this Offering

The number of shares being registered for sale is significant in relation to the number of our outstanding Ordinary Shares.

We have filed a registration statement of which this prospectus is a part to register the shares offered hereunder for sale into the public market by the selling securityholders. Pursuant to this prospectus, we are registering 40,089,163 ADSs, representing 40,089,163 ordinary shares, which includes (i) 16,076,750 ADSs, representing 16,076,750 Ordinary Shares, pursuant to the Private Placement, which may be resold in the public market immediately without restriction and (ii) 7,935,663 ADSs, representing 7,935,663 Ordinary Shares, pursuant to ATAI's demand notice, plus up to an additional 16,076,750 ADSs, representing 16,076,750 Ordinary Shares, registered hereunder may be resold in the public market without restriction following exercise of the Warrants. These shares represent a large number of our Ordinary Shares, and if a large part or all of such shares are sold in the market all at once or at about the same time, that could depress the market price of our ADSs during the period the registration statement remains effective and could also affect our ability to raise equity capital.

The Warrants issued pursuant to the Purchase Agreement may not be exercised.

The Warrant holders are not obligated to exercise the Warrants, so we may not receive any additional proceeds under the Purchase Agreement. We believe the likelihood that these holders will exercise the Warrants, and therefore any cash proceeds that we may receive in relation to the exercise of such Warrants, will be dependent on the trading price of our ADSs. If the Warrants are not exercised, or only a portion of the Warrants are exercised, we may need to obtain additional funding sooner than expected to continue operations. Further, changing circumstances, some of which may be beyond our control, such as fluctuating inflation and interest rates, could cause us to consume capital significantly faster than we currently anticipate, and we may need to seek additional funds sooner than planned. Adequate additional financing may not be available to us on acceptable terms or at all.

USE OF PROCEEDS

We are registering these securities pursuant to registration rights granted to the selling securityholders. We are not selling any securities under this prospectus. The selling securityholders will receive all of the proceeds from this offering, except with respect to amounts received by us due to the exercise of the Warrants.

We expect to use the proceeds from the exercise of Warrants, if any, for general corporate purposes. We will have broad discretion over the use of any proceeds from the exercise of Warrants. There is no assurance that the holders of our Warrants will elect to exercise for cash any or all of such Warrants. We believe the likelihood that the holders will exercise such Warrants, and therefore any cash proceeds that we may receive in relation to the exercise of such Warrants being offered for sale in this prospectus, will be dependent on the trading price of our ADSs. If the market price for our ADSs is less than the exercise price of the Warrants, we believe the holders of such Warrants will be unlikely to exercise such Warrants.

The selling securityholders will pay any underwriting discounts and commissions and its own costs and expenses, including, but not limited to, all fees and disbursements to counsel or other advisors to the selling securityholders and any stock transfer taxes. We will bear all other costs, fees and expenses incurred in effecting the registration of the shares covered by this prospectus, including, without limitation, all registration and filing fees and fees and expenses of our counsel.

SELLING SECURITYHOLDERS

This prospectus covers the sale or other disposition from time to time by the selling securityholders of up to the total number ADSs (i) that were covered by the demand notice provided to us by ATAI under our Shareholders' Agreement and (ii) that were issued to the selling securityholders pursuant to the Purchase Agreement, plus the total number of ADSs issuable upon exercise of the Warrants issued to the selling securityholders pursuant to the Purchase Agreement, without giving effect to the beneficial ownership limitations described under “Company Overview—Private Placement.”

We are registering the above-referenced ADSs to permit each of the selling securityholders and their pledgees, donees, transferees or other successors-in interest that receive their ADSs after the date of this prospectus to resell or otherwise dispose of the ADSs in the manner contemplated under “Plan of Distribution” below.

The following table sets forth the name of each selling securityholder, the number of ADSs owned by each of the respective selling securityholders, and the number of ADSs that may be offered under this prospectus assuming all of the ADSs covered hereby are sold. The percentages of shares owned before and after the offering are based on 61,880,764 ADSs outstanding as of September 6, 2023.

The information set forth below is based upon information obtained from the selling securityholders and upon information in our possession regarding the demand notice and the issuance of ADSs and Warrants to purchase ADSs to the selling securityholders in connection with the Private Placement. The number of ADSs in the column “Maximum Number of ADSs that may be Offered Pursuant to this Prospectus” represents all of the ADSs that a selling securityholder may offer under this prospectus, assuming the exercise of all Warrants. The selling securityholders may sell some, all or none of their ADSs. We do not know how long the selling securityholders will hold the shares before selling them, and we currently have no agreements, arrangements or understandings with the selling securityholders regarding the sale or other disposition of any of the shares. The ADSs covered hereby may be offered from time to time by the selling securityholders.

None of the selling securityholders, other than ATAI, has, or within the past three years has had, any position, office or other material relationship with us. Florian Brand, the Chief Executive Officer of ATAI, previously served as a member of our board of directors. In addition, our former director, Jason Camm, sits on the supervisory board of ATAI.

For purposes of this table, a person or group of persons is deemed to have “beneficial ownership” of any shares underlying options, warrants and other purchase rights that are currently exercisable or exercisable within 60 days of September 6, 2023.

MATERIAL INCOME TAX CONSIDERATIONS

The following summary contains a description of certain material U.K. and U.S. federal income tax consequences of the acquisition, ownership and disposition of our Ordinary Shares or ADSs. This summary should not be considered a comprehensive description of all the tax considerations that may be relevant to the decision to acquire Ordinary Shares or ADSs in this offering.

Material U.S. federal income tax considerations for U.S. holders

The following is a description of the material U.S. federal income tax consequences to the U.S. Holders described below of owning and disposing of our Ordinary Shares or ADSs. It is not a comprehensive description of all tax considerations that may be relevant to a particular person's decision to acquire securities. This discussion applies only to a U.S. Holder that holds our Ordinary Shares or ADSs as a capital asset for tax purposes (generally, property held for investment). In addition, it does not describe all of the tax consequences that may be relevant in light of a U.S. Holder's particular circumstances, including state and local tax consequences, estate tax consequences, alternative minimum tax consequences, the special tax accounting rules under Section 451(b) of the Code, the potential application of the Medicare contribution tax, and tax consequences applicable to U.S. Holders subject to special rules, such as:

- banks, insurance companies, and certain other financial institutions;
- U.S. expatriates and certain former citizens or long-term residents of the United States;
- dealers or traders in securities who use a mark-to-market method of tax accounting;
- persons holding Ordinary Shares or ADSs as part of a hedging transaction, "straddle," wash sale, conversion transaction or integrated transaction or persons entering into a constructive sale with respect to Ordinary Shares or ADSs;
- persons whose "functional currency" for U.S. federal income tax purposes is not the U.S. dollar;
- brokers, dealers or traders in securities, commodities or currencies;
- tax-exempt entities or government organizations;
- S corporations, partnerships, or other entities or arrangements classified as partnerships for U.S. federal income tax purposes;
- regulated investment companies or real estate investment trusts;
- persons who acquired our Ordinary Shares or ADSs pursuant to the exercise of any employee stock option or otherwise as compensation; and
- persons holding our Ordinary Shares or ADSs in connection with a trade or business, permanent establishment, or fixed base outside the United States.

If an entity that is classified as a partnership for U.S. federal income tax purposes holds Ordinary Shares or ADSs, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partnerships holding Ordinary Shares or ADSs and partners in such partnerships are encouraged to consult their tax advisers as to the particular U.S. federal income tax consequences of holding and disposing of Ordinary Shares or ADSs.

The discussion is based on Internal Revenue Code of 1986, as amended, or the Code, administrative pronouncements, judicial decisions, final, temporary and proposed Treasury Regulations, and the income tax treaty between the United Kingdom and the United States, or the Treaty, all as of the date hereof, changes to any of which may affect the tax consequences described herein—possibly with retroactive effect.

A “U.S. Holder” is a holder who, for U.S. federal income tax purposes, is a beneficial owner of Ordinary Shares or ADSs and is:

- (i) An individual who is a citizen or individual resident of the United States;
- (ii) a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia;
- (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- (iv) a trust if (1) a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have authority to control all substantial decisions of the trust or (2) the trust has a valid election to be treated as a U.S. person under applicable U.S. Treasury Regulations.

The discussion below assumes that the representations contained in the deposit agreement are true and that the obligations in the deposit agreement and any related agreement will be complied with in accordance with their terms. Generally, a holder of an ADS should be treated for U.S. federal income tax purposes as holding the Ordinary Shares represented by the ADS. Accordingly, no gain or loss will be recognized upon an exchange of ADSs for Ordinary Shares. The U.S. Treasury has expressed concerns that intermediaries in the chain of ownership between the holder of an ADS and the issuer of the security underlying the ADS may be taking actions that are inconsistent with the beneficial ownership of the underlying security. Accordingly the creditability of foreign taxes, if any, as described below, could be affected by actions taken by intermediaries in the chain of ownership between the holders of ADSs and our company if as a result of such actions the holders of ADSs are not properly treated as beneficial owners of the underlying Ordinary Shares. These actions would also be inconsistent with the claiming of the reduced tax rate, described below, applicable to dividends received by certain non-corporate holders.

PERSONS CONSIDERING AN INVESTMENT IN ORDINARY SHARES OR ADSs SHOULD CONSULT THEIR TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES APPLICABLE TO THEM RELATING TO THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE ORDINARY SHARES OR ADSs, INCLUDING THE APPLICABILITY OF U.S. FEDERAL, STATE AND LOCAL TAX LAWS.

Passive Foreign Investment Company Rules

If we are classified as a passive foreign investment company, or PFIC, in any taxable year, a U.S. Holder will be subject to special rules generally intended to reduce or eliminate any benefits from the deferral of U.S. federal income tax that a U.S. Holder could derive from investing in a non-U.S. company that does not distribute all of its earnings on a current basis.

A non-U.S. corporation will be classified as a PFIC for any taxable year in which, after applying certain look-through rules, either:

- at least 75% of its gross income is passive income (such as interest income); or
- at least 50% of its gross assets (determined on the basis of a quarterly average) is attributable to assets that produce passive income or are held for the production of passive income.

We will be treated as owning our proportionate share of the assets and earning our proportionate share of the income of any other corporation, the equity of which we own, directly or indirectly, 25% or more (by value).

Based on the current and expected composition of our income and assets and the value of our assets, we believe that we were a PFIC for U.S. federal income tax purposes for our taxable year ended December 31, 2022. However, a separate determination must be made after the close of each taxable year as to whether we are a PFIC for that year. As a result, our PFIC status may change from year to year, and we may be classified as a PFIC currently or in the future. The total value of our assets for purposes of the asset test generally will be calculated using the market price of the Ordinary Shares or ADSs, which may fluctuate considerably. Fluctuations in the market price of the Ordinary Shares or ADSs may result in our being a PFIC for any taxable year. However, if we are a “controlled foreign corporation” for any taxable year (see discussion below in “Controlled foreign corporation considerations”), the

value of our assets for purposes of the asset test will be determined based on the tax basis of such assets which could increase the likelihood that we are treated as a PFIC. Under the income test, our status as a PFIC depends on the composition of our income which will depend on the transactions we enter into in the future and our corporate structure. The composition of our income and assets is also affected by the spending of the cash we raise in any offering. Because of the uncertainties involved in establishing our PFIC status, there can be no assurance regarding if we currently are treated as a PFIC or may be treated as a PFIC in the future.

If we are classified as a PFIC in any year with respect to which a U.S. Holder owns the Ordinary Shares or ADSs, we will continue to be treated as a PFIC with respect to such U.S. Holder in all succeeding years during which the U.S. Holder owns the Ordinary Shares or ADSs, regardless of whether we continue to meet the tests described above unless (i) we cease to be a PFIC and the U.S. Holder has made a “deemed sale” election under the PFIC rules, or (ii) the U.S. Holder makes a Qualified Electing Fund Election, or QEF Election, with respect to all taxable years during such U.S. Holders holding period in which we are a PFIC. If the “deemed sale” election is made, a U.S. Holder will be deemed to have sold the Ordinary Shares or ADSs the U.S. Holder holds at their fair market value and any gain from such deemed sale would be subject to the rules described below. After the deemed sale election, so long as we do not become a PFIC in a subsequent taxable year, the U.S. Holder’s Ordinary Shares or ADSs with respect to which such election was made will not be treated as shares in a PFIC and the U.S. Holder will not be subject to the rules described below with respect to any “excess distribution” the U.S. Holder receives from us or any gain from an actual sale or other disposition of the Ordinary Shares or ADSs. U.S. Holders should consult their tax advisors as to the possibility and consequences of making a deemed sale election if we cease to be a PFIC and such election becomes available.

For each taxable year we are treated as a PFIC with respect to U.S. Holders, U.S. Holders will be subject to special tax rules with respect to any “excess distribution” such U.S. Holder receives and any gain such U.S. Holder recognizes from a sale or other disposition (including, under certain circumstances, a pledge) of Ordinary Shares or ADSs, unless (i) such U.S. Holder makes a QEF Election or (ii) our Ordinary Shares or ADSs constitute “marketable” securities, and such U.S. Holder makes a mark-to-market election as discussed below. Distributions a U.S. Holder receives in a taxable year that are greater than 125% of the average annual distributions a U.S. Holder received during the shorter of the three preceding taxable years or the U.S. Holder’s holding period for the Ordinary Shares or ADSs will be treated as an excess distribution. Under these special tax rules:

- the excess distribution or gain will be allocated ratably over a U.S. Holder’s holding period for the Ordinary Shares or ADSs;
- the amount allocated to the current taxable year, and any taxable year prior to the first taxable year in which we became a PFIC, will be treated as ordinary income; and
- the amount allocated to each other year will be subject to the highest tax rate in effect for that year and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year.

The tax liability for amounts allocated to years prior to the year of disposition (or “excess distribution”) cannot be offset by any net operating losses for such years, and gains (but not losses) realized on the sale of the Ordinary Shares or ADSs cannot be treated as capital, even if a U.S. Holder holds the Ordinary Shares or ADSs as capital assets.

In addition, if we are a PFIC, a U.S. Holder will generally be subject to similar rules with respect to distributions we receive from, and our dispositions of the stock of, any of our direct or indirect subsidiaries that also are PFICs, as if such distributions were indirectly received by, and/or dispositions were indirectly carried out by, such U.S. Holder. U.S. Holders should consult their tax advisors regarding the application of the PFIC rules to our subsidiaries.

U.S. Holders can avoid the interest charge on excess distributions or gain relating to the Ordinary Shares or ADSs by making a mark-to-market election with respect to the Ordinary Shares or ADSs, provided that the Ordinary Shares or ADSs are “marketable.” Ordinary shares or ADSs will be marketable if they are “regularly traded” on certain U.S. stock exchanges or on a foreign stock exchange that meets certain conditions. For these purposes, the

Ordinary Shares or ADSs will be considered regularly traded during any calendar year during which they are traded, other than in de minimis quantities, on at least 15 days during each calendar quarter. Any trades that have as their principal purpose meeting this requirement will be disregarded. Our ADSs will be listed on Nasdaq, which is a qualified exchange for these purposes. Consequently, if our ADSs remain listed on Nasdaq and are regularly traded, we expect the mark-to-market election would be available to U.S. Holders if we are a PFIC. Each U.S. Holder should consult its tax advisor as to the whether a mark-to-market election is available or advisable with respect to the Ordinary Shares or ADSs.

A U.S. Holder that makes a mark-to-market election must include in ordinary income for each year an amount equal to the excess, if any, of the fair market value of the Ordinary Shares or ADSs at the close of the taxable year over the U.S. Holder's adjusted tax basis in the Ordinary Shares or ADSs. An electing holder may also claim an ordinary loss deduction for the excess, if any, of the U.S. Holder's adjusted basis in the Ordinary Shares or ADSs over the fair market value of the Ordinary Shares or ADSs at the close of the taxable year, but this deduction is allowable only to the extent of any net mark-to-market gains for prior years. Gains from an actual sale or other disposition of the Ordinary Shares or ADSs will be treated as ordinary income, and any losses incurred on a sale or other disposition of the shares will be treated as an ordinary loss to the extent of any net mark-to-market gains for prior years. Once made, the election cannot be revoked without the consent of the Internal Revenue Service, or the IRS, unless the Ordinary Shares or ADSs cease to be marketable.

However, a mark-to-market election generally cannot be made for equity interests in any lower-tier PFICs that we own, unless shares of such lower-tier PFIC are themselves "marketable." As a result, even if a U.S. Holder validly makes a mark-to-market election with respect to our Ordinary Shares or ADSs, the U.S. Holder may continue to be subject to the PFIC rules (described above) with respect to its indirect interest in any of our investments that are treated as an equity interest in a PFIC for U.S. federal income tax purposes. U.S. Holders should consult their tax advisors to determine whether any of these elections would be available and if so, what the consequences of the alternative treatments would be in their particular circumstances.

Unless otherwise provided by the U.S. Treasury, each U.S. shareholder of a PFIC is required to file an annual report containing such information as the U.S. Treasury may require. A U.S. Holder's failure to file the annual report will cause the statute of limitations for such U.S. Holder's U.S. federal income tax return to remain open with regard to the items required to be included in such report until three years after the U.S. Holder files the annual report, and, unless such failure is due to reasonable cause and not willful neglect, the statute of limitations for the U.S. Holder's entire U.S. federal income tax return will remain open during such period. U.S. Holders should consult their tax advisors regarding the requirements of filing such information returns under these rules.

WE STRONGLY URGE YOU TO CONSULT YOUR TAX ADVISOR REGARDING THE IMPACT OF OUR PFIC STATUS ON YOUR INVESTMENT IN THE ORDINARY SHARES OR ADSs AS WELL AS THE APPLICATION OF THE PFIC RULES TO YOUR INVESTMENT IN THE ORDINARY SHARES OR ADSs.

Controlled foreign corporation considerations

Each "Ten Percent Shareholder" (as defined below) in a non-U.S. corporation that is classified as a "controlled foreign corporation," or a CFC, for U.S. federal income tax purposes generally is required to include in income each year for U.S. federal tax purposes such Ten Percent Shareholder's pro rata share of certain types of income earned by the CFC, including "Subpart F income," "global intangible low-taxed income" and certain other income generated by the CFC, even if the CFC has made no distributions to its shareholders. In addition, a Ten Percent Shareholder that realizes gain from the sale or exchange of shares in the CFC may be required to classify a portion of such gain as dividend income rather than capital gain (see discussion below in "Taxation of distributions" regarding the tax treatment of dividend income). A non-U.S. corporation generally will be classified as a CFC for U.S. federal income tax purposes if Ten Percent Shareholders own, directly or indirectly, more than 50% of either the total combined voting power of all classes of stock of such corporation entitled to vote or of the total value of the stock of such corporation. A "Ten Percent Shareholder" is a United States person (as defined by the Code) who owns or is considered to own 10% or more of either the total combined voting power of all classes of stock of such corporation entitled to vote or of the total value of the stock of such corporation.

We believe that we were not a CFC in the 2022 taxable year, though we have not made a determination regarding our CFC status in the current taxable year, and we may become a CFC in a subsequent taxable year. The determination of CFC status is complex and includes attribution rules, the application of which is not entirely certain. In addition, recent changes to the attribution rules relating to the determination of CFC status may make it difficult to determine our CFC status for any taxable year. It is possible that, following this offering, a shareholder treated as a U.S. person for U.S. federal income tax purposes will acquire, directly or indirectly, enough shares to be treated as a Ten Percent Shareholder. We also believe that immediately following this offering we may have certain shareholders that are Ten Percent Shareholders for U.S. federal income tax purposes. U.S. Holders should consult their own tax advisors with respect to the potential adverse U.S. tax consequences of becoming a Ten Percent Shareholder in a CFC. If we are classified as both a CFC and a PFIC, we generally will not be treated as a PFIC with respect to those U.S. Holders that meet the definition of a Ten Percent Shareholder during the period in which we are a CFC.

Taxation of distributions

Subject to the discussion above under “Passive Foreign Investment Company Rules,” distributions paid on Ordinary Shares or ADSs, other than certain pro rata distributions of Ordinary Shares or ADSs, will generally be treated as dividends to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Because we may not calculate our earnings and profits under U.S. federal income tax principles, we expect that distributions generally will be reported to U.S. Holders as dividends. Subject to applicable limitations and the discussions above regarding concerns expressed by the U.S. Treasury, dividends paid to certain non-corporate U.S. Holders may be taxable at preferential rates applicable to “qualified dividend income” if we are a “qualified foreign corporation” and certain other requirements are met. However, the qualified dividend income treatment may not apply if we are treated as a PFIC with respect to the U.S. Holder. The amount of the dividend will be treated as foreign-source dividend income to U.S. Holders and will not be eligible for the dividends-received deduction generally available to U.S. corporations under the Code. Dividends will generally be included in a U.S. Holder’s income on the date of the U.S. Holder’s receipt of the dividend. The amount of any dividend income paid in foreign currency will be the U.S. dollar amount calculated by reference to the exchange rate in effect on the date of actual or constructive receipt, regardless of whether the payment is in fact converted into U.S. dollars. If the dividend is converted into U.S. dollars on the date of receipt, a U.S. Holder should not be required to recognize foreign currency gain or loss in respect of the dividend income. A U.S. Holder may have foreign currency gain or loss if the dividend is converted into U.S. dollars after the date of receipt. Such gain or loss would generally be treated as U.S.-source ordinary income or loss. The amount of any distribution of property other than cash (and other than certain pro rata distributions of Ordinary Shares or ADSs or rights to acquire Ordinary Shares or ADSs) will be the fair market value of such property on the date of distribution.

For foreign tax credit limitation purposes, our dividends will generally be treated as passive category income. Because no U.K. income taxes will be withheld from dividends on Ordinary Shares or ADSs, there will be no creditable foreign taxes associated with any dividends that a U.S. Holder will receive. The rules governing foreign tax credits are complex and U.S. Holders should therefore consult their tax advisers regarding the effect of the receipt of dividends for foreign tax credit limitation purposes.

Sale or other taxable disposition of Ordinary Shares and ADSs

Subject to the discussion above under “Passive Foreign Investment Company Rules,” gain or loss realized on the sale or other taxable disposition of Ordinary Shares or ADSs will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder held the Ordinary Shares or ADSs for more than one year. The amount of the gain or loss will equal the difference between the U.S. Holder’s tax basis in the Ordinary Shares or ADSs disposed of and the amount realized on the disposition, in each case as determined in U.S. dollars. This gain or loss will generally be U.S.-source gain or loss for foreign tax credit purposes. The deductibility of capital losses is subject to limitations.

If the consideration received by a U.S. Holder is not paid in U.S. dollars, the amount realized will be the U.S. dollar value of the payment received determined by reference to the spot rate of exchange on the date of the sale or other disposition. However, if the Ordinary Shares or ADSs are treated as traded on an “established securities

market” and you are either a cash basis taxpayer or an accrual basis taxpayer that has made a special election (which must be applied consistently from year to year and cannot be changed without the consent of the IRS), you will determine the U.S. dollar value of the amount realized in a non-U.S. dollar currency by translating the amount received at the spot rate of exchange on the settlement date of the sale. If you are an accrual basis taxpayer that is not eligible to or does not elect to determine the amount realized using the spot rate on the settlement date, you will recognize foreign currency gain or loss to the extent of any difference between the U.S. dollar amount realized on the date of sale or disposition and the U.S. dollar value of the currency received at the spot rate on the settlement date.

Information reporting and backup withholding

Payments of dividends and sales proceeds that are made within the United States or through certain U.S.-related financial intermediaries generally are subject to information reporting, and may be subject to backup withholding, unless (i) the U.S. Holder is a corporation or other exempt recipient or (ii) in the case of backup withholding, the U.S. Holder provides a correct taxpayer identification number and certifies that it is not subject to backup withholding on a duly executed Form W-9 or otherwise establishes an exemption.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder may be allowed as a credit against the U.S. Holder’s U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Information with respect to foreign financial assets

Certain U.S. Holders who are individuals (and, under regulations, certain entities) may be required to report information relating to the Ordinary Shares or ADSs, subject to certain exceptions (including an exception for Ordinary Shares or ADSs held in accounts maintained by certain U.S. financial institutions), by filing IRS Form 8938 (Statement of Specified Foreign Financial Assets) with their federal income tax return. Such U.S. Holders who fail to timely furnish the required information may be subject to a penalty. Additionally, if a U.S. Holder does not file the required information, the statute of limitations with respect to tax returns of the U.S. Holder to which the information relates may not close until three years after such information is filed. U.S. Holders should consult their tax advisers regarding their reporting obligations with respect to their ownership and disposition of the Ordinary Shares or ADSs.

U.K. Taxation

The following is intended as a general guide to current U.K. tax law and HM Revenue and Customs (or "HMRC") published practice (which is not binding) applying as at the date of this prospectus (both of which are subject to change at any time, possibly with retrospective effect) relating to the holding of ADSs. It does not constitute legal or tax advice and does not purport to be a complete analysis of all U.K. tax considerations relating to the holding of ADSs, or all of the circumstances in which holders of ADSs may benefit from an exemption or relief from U.K. taxation. It is written on the basis that the company is not (and will not) directly or indirectly at any time derive 75% or more of our qualifying asset value from U.K. land, and that it is and remains solely resident in the U.K. for tax purposes and will therefore be subject to the U.K. tax regime and not the U.S. tax regime save as set out above under “Material U.S. federal income tax considerations for U.S. Holders.”

Except to the extent that the position of non-U.K. resident persons is expressly referred to, this guide relates only to persons who are resident (and in the case of individuals, domiciled or deemed domiciled) for tax purposes solely in the U.K. and do not have a permanent establishment, branch or agency (or equivalent) in any other jurisdiction with which the holding of the ADSs is connected (or "U.K. Holders"), who are absolute beneficial owners of the ADSs (and do not hold the ADSs through an Individual Savings Account or a Self-Invested Personal Pension) and any dividends paid in respect of the ADSs or underlying Ordinary Shares (where the dividends are regarded for U.K. tax purposes as that person’s own income). It is assumed for the purposes of this guide that a holder of an ADS is the beneficial owner of the underlying Ordinary Share and any dividend income arising therefrom for U.K. direct tax purposes.

This guide may not relate to certain classes of U.K. Holders, such as (but not limited to):

- persons who are connected with the company;
- financial institutions;
- insurance companies;
- charities or tax-exempt organizations;
- collective investment schemes;
- pension schemes;
- brokers or dealers in securities or persons who hold ADSs otherwise than as an investment;
- persons who have (or are deemed to have) acquired their ADSs by virtue of an office or employment or who are or have been officers or employees of the company or any of its affiliates; and
- individuals who are subject to U.K. taxation on a remittance basis or to whom split year treatment applies.

THESE PARAGRAPHS ARE A SUMMARY OF CERTAIN U.K. TAX CONSIDERATIONS AND ARE INTENDED AS A GENERAL GUIDE ONLY. IT IS RECOMMENDED THAT ALL HOLDERS OF ADSs OBTAIN ADVICE AS TO THE CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSAL OF THE ADSs IN THEIR OWN PARTICULAR CIRCUMSTANCES FROM THEIR OWN TAX ADVISORS. IN PARTICULAR, NON-U.K. RESIDENT OR DOMICILED PERSONS OR PERSONS SUBJECT TO TAXATION IN ANY JURISDICTION OTHER THAN THE UK ARE ADVISED TO CONSIDER THE POTENTIAL IMPACT OF ANY RELEVANT DOUBLE TAXATION AGREEMENTS.

Dividends

Withholding Tax

Dividends paid by the company will not be subject to any withholding or deduction for or on account of U.K. tax.

Income Tax

An individual U.K. Holder may, depending on his, her or their particular circumstances, be subject to U.K. tax on dividends received from the company. An individual holder of ADSs who is not resident for tax purposes in the United Kingdom should not be chargeable to U.K. income tax on dividends received from the company unless he or she carries on (whether solely or in partnership) a trade, profession or vocation in the U.K. through a permanent establishment, branch or agency to which the ADSs are attributable. There are certain exceptions for trading in the U.K. through an independent agent, such as some brokers and investment managers.

Dividend income is treated as the top slice of the total income chargeable to U.K. income tax for an individual U.K. Holder. An individual U.K. Holder who receives a dividend in the 2023/2024 tax year will be entitled to a tax-free allowance of £1,000. Income within the dividend allowance counts towards an individual's basic, higher or additional rate limits and may, therefore, affect the level of personal allowance to which they are entitled. Dividend income received during the 2023/24 tax year, in excess of this tax-free allowance will (subject to the availability of any income tax personal allowance) be charged at 8.75% to the extent the excess amount falls within the basic rate band, 33.75% to the extent the excess amount falls within the higher rate band, and 39.35% to the extent the excess amount falls within the additional rate band. The U.K. government has announced that the dividend tax-free allowance of £1,000 will be reduced to £500 with effect from April 2024.

Corporation tax

A corporate holder of ADSs who is not resident for tax purposes in the United Kingdom should not be chargeable to U.K. corporation tax on dividends received from the company unless it carries on (whether solely or in partnership) a trade in the United Kingdom through a permanent establishment to which the ADSs are attributable.

Corporate U.K. Holders should not be subject to U.K. corporation tax on any dividend received from the company so long as the dividends qualify for exemption, which should be the case, although certain conditions must be met. It should be noted that the exemptions, whilst of wide application, are not comprehensive and are subject to anti-avoidance rules in relation to a dividend. If the conditions for the exemption are not satisfied or such anti-avoidance provisions apply, or such U.K. Holder elects for an otherwise exempt dividend to be taxable, U.K. corporation tax will be chargeable on the amount of any dividends (at the current rate of 25% in the tax year 2023/2024 for companies with profits of more than £250,000, whilst a rate of 19% will apply to companies with profits not exceeding £50,000 with marginal relief providing a gradual increase in the corporation tax rate applicable to profits between £50,000 and £250,000).

Chargeable gains

A disposal or deemed disposal of ADSs by a U.K. Holder may, depending on the U.K. Holder's circumstances and subject to any available exemptions or reliefs (such as the annual exemption), give rise to a chargeable gain or an allowable loss for the purposes of U.K. capital gains tax (for individuals) and corporation tax on chargeable gains (for corporate entities).

If an individual U.K. Holder who is subject to U.K. income tax at either the higher or the additional rate is liable to U.K. capital gains tax on the disposal of ADSs, the applicable rate will be 20% (for the tax year 2023/2024). For an individual U.K. Holder who is subject to U.K. income tax at the basic rate and liable to U.K. capital gains tax on such disposal, the applicable rate would be 10% (for the tax year 2023/2024), save to the extent that any capital gains when aggregated with the U.K. Holder's other taxable income and gains in the relevant tax year exceed the unused basic rate tax band. In that case, the capital gains tax rate applicable to the excess would be 20% (for the tax year 2023/2024).

If a corporate U.K. Holder becomes liable to U.K. corporation tax on the disposal (or deemed disposal) of ADSs, the main rate of U.K. corporation tax would apply (currently 25% for the tax year 2023/2024 for companies with profits of more than £250,000, whilst a rate of 19% will apply to companies with profits not exceeding £50,000 with marginal relief applying to profits between £50,000 and £250,000).

A holder of ADSs which is not resident for tax purposes in the U.K. should not normally be liable to U.K. capital gains tax or corporation tax on chargeable gains on a disposal (or deemed disposal) of ADSs, unless the person is carrying on (whether solely or in partnership) a trade, profession or vocation in the U.K. through a branch or agency, or in the case of a corporate holder of ADSs through a permanent establishment, to which the ADSs are attributable. However, an individual holder of ADSs who has ceased to be resident for tax purposes in the U.K. for a period of less than five years (and meets other conditions to be treated as only "temporarily non-resident") and who disposes of ADSs during that period of temporary non-residence, may be liable on his or her return to the U.K. (or upon ceasing to be regarded as resident outside the U.K. for the purposes of any relevant double taxation treaty) to U.K. tax on any capital gain realized (subject to any available exemption or relief).

Stamp duty and stamp duty reserve tax

The discussion below relates to the holders of our Ordinary Shares or ADSs wherever resident, however it should be noted that special rules may apply to certain persons such as market makers, brokers, dealers or intermediaries.

Issue of Ordinary Shares

As a general rule (but subject to the below), no U.K. stamp duty or stamp duty reserve tax, or SDRT, should be payable on the issue of Ordinary Shares in the company, including Ordinary Shares underlying any ADSs.

Transfers of Ordinary Shares

An unconditional agreement to transfer Ordinary Shares will generally (subject to the below) give rise to a charge to SDRT at the rate of 0.5% of the amount or value of the consideration payable for the transfer. The purchaser of the shares is liable for the SDRT. Transfers of Ordinary Shares by way of a written instrument of transfer are generally also subject to stamp duty at the rate of 0.5% of the amount or value of the consideration

given for the transfer (rounded up to the nearest £5.00). Stamp duty is normally paid by the purchaser. The charge to SDRT will be cancelled or, if already paid, repaid (generally with interest), where a transfer instrument has been duly stamped within six years of the charge arising (either by paying the stamp duty or by claiming an appropriate relief) or if the instrument is otherwise exempt from stamp duty.

Change of Law

HMRC is currently consulting on proposals to modernize the stamp taxes on shares framework, including the introduction of a single self-assessed stamp tax on securities to replace stamp duty and SDRT. HMRC sought feedback from interested parties, from 27 April 2023 to 22 June 2023, and is now in the process of analysing that feedback and preparing a summary of responses. There is no published timeline for any changes to the current law and practice; however, we would recommend all holders or potential holders of ADSs to seek U.K. tax advice prior to the issue or transfer of such ADSs or their underlying Ordinary Shares.

Clearance Services and Depositary Receipts

Under current U.K. legislation, an issue or transfer of Ordinary Shares or an unconditional agreement to transfer Ordinary Shares to a clearance service or a depositary receipt system (including, to a nominee or agent for a person whose business is or includes the issue of depositary receipts or the provision of clearance services) will *prima facie* be subject to SDRT (and, in the case of transfers, where the transfer is effected by a written instrument, stamp duty) at a higher rate of 1.5% of the amount or value of the consideration (or deemed consideration) given for the transfer (rounded to the nearest £0.01), unless the clearance service has made and maintained an election under section 97A of the U.K. Finance Act 1986, or a section 97A election. It is understood that HMRC regards the facilities of DTC as a clearance service for these purposes and we are not aware of any section 97A election having been made by the DTC.

However, based on current published HMRC practice following European Union case law in respect of the European Council Directives 69/335/EEC and 2009/7/EC (or the "Capital Duties Directives"), no SDRT is generally payable in respect of such an issue of Ordinary Shares, and no SDRT or stamp duty is generally payable in respect of such a transfer of Ordinary Shares where such issue or transfer is an integral part of the raising of share capital. This position was reaffirmed by HMRC in their January 2021 Newsletter where they confirmed that the 1.5% charge on issues, or transfers integral to capital raising, remained disapplied under the terms of the European Union (Withdrawal) Act 2018 (or the "2018 Act") following the end of the transition period and that this would remain the position unless stamp taxes on shares legislation was amended.

Any stamp duty or SDRT payable on the issue or transfer of Ordinary Shares to a depositary receipt system or clearance service will in practice generally be paid by the transferors or participants in the clearance service or depositary receipt system (but any relevant contractual arrangements should be reviewed for certainty). Specific professional advice should be sought before incurring or reimbursing the costs of a 1.5% charge to stamp duty or SDRT.

Change of Law

On June 29 2023, the Retained EU Law (Revocation and Reform) Act 2023 (or the "2023 Act") was given Royal Assent in the U.K.. The 2023 Act provides for the repeal (or "sunsetting") of certain EU laws and rights (including in respect of certain UK stamp tax exemptions) retained under the 2018 Act after December 31 2023.

As a consequence of the 2023 Act, with effect from January 1 2024, the 1.5% higher charge to stamp duty or SDRT (as applicable) on issue or transfer of Ordinary Shares or an unconditional agreement to transfer Ordinary Shares to a clearance service or a depositary receipt system is reapplied, whether or not the transfer is integral to the raising of capital. We would note that this appears to contradict HMRC's guidance that the 1.5% charge would remain disapplied "*unless stamp taxes on shares legislation is amended*" (HMRC Manual STSM053010). The 1.5% charge was also excluded from HMRC's recent consultation on proposals to modernize the stamp taxes on shares framework (as discussed above); however, we understand that HMRC is considering the 1.5% separately.

As such, the paragraph above entitled section on *Clearance Systems and Depositary Receipts* will no longer be applicable in respect of the 1.5% charge from January 1, 2024. We would therefore strongly recommend all holders or potential holders of ADSs seek U.K. tax advice at the time of any issue, acquisition or transfer of Ordinary Shares to a depositary receipt system or clearance service, particularly where this may take place after January 1, 2024.

Transfers of ADSs

Once within the clearance or depositary receipt system, no U.K. SDRT or stamp duty should be required to be paid in respect of the issue of, or an agreement to transfer, ADSs within those systems.

PLAN OF DISTRIBUTION

The selling securityholders and their pledgees, donees, transferees or other successors in interest may offer and sell the ADSs from time to time on Nasdaq or any other national securities exchange or quotation service on which the ADSs may be listed at the time of sale, in the over-the-counter market, through ordinary brokerage trades, pursuant to underwritten public offerings, through negotiated transactions, through block trades or through a combination of these methods or through underwriters or broker-dealers, through agents and/or directly to one or more purchasers, or by any other legally available means. The ADSs may be distributed from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

The selling securityholders may also sell shares under Rule 144 under the Securities Act, if available, or Section 4(a)(1) of the Securities Act rather than under this prospectus, provided that they meet the criteria and conform to the requirements of those provisions.

If the selling securityholders effect such transactions by selling shares to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents engaged by the selling securityholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling securityholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated.

The selling securityholders may, from time to time, pledge or grant a security interest in some or all of the shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares from time to time under this prospectus, or under a supplement or amendment to this prospectus amending, if necessary, the list of selling securityholders to include the pledgee, transferee or other successors in interest as selling securityholders under this prospectus.

The selling securityholders have informed us that, except as set forth below, none of them has any agreement or understanding, directly or indirectly, with any person to distribute the ADSs. If any selling securityholder notifies us that a material arrangement has been entered into with a broker-dealer for the sale of shares through a block trade, special offering or secondary distribution or a purchase by a broker or dealer, we may be required to file a prospectus supplement pursuant to the applicable rules promulgated under the Securities Act. Certain selling securityholders who are entities rather than natural persons may distribute shares to their partners, shareholders or other owners in normal course, who may in turn sell the shares in the manner listed above. The selling securityholders also may transfer the ADSs in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of the ADSs or interests in the ADSs, the selling securityholders may enter into hedging transactions after the effective date of the registration statement of which this prospectus is a part with broker-dealers or other financial institutions, which may in turn engage in short sales of the ADSs in the course of hedging the positions they assume. The selling securityholders may also sell ADSs short after the effective date of the registration statement of which this prospectus is a part and deliver these ADSs to close out their short positions, or loan or pledge the ADSs to broker-dealers that in turn may sell these ADSs. The selling securityholders may also enter into option or other transactions after the effective date of the registration statement of which this prospectus is a part with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The selling securityholders and any broker-dealers or agents that are involved in selling the ADSs may be deemed to be “underwriters” within the meaning of the Securities Act in connection

with such sales (it being understood that the selling securityholders shall not be deemed to be underwriters solely as a result of their participation in this offering). In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the ADSs purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Any selling securityholder who is an “underwriter” within the meaning of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and the provisions of the Exchange Act and the rules thereunder relating to stock manipulation. We have advised the selling securityholders that they are required to comply with Regulation M promulgated under the Exchange Act during such time as they may be engaged in a distribution of the ADSs. The foregoing may affect the marketability of the ADSs.

The aggregate proceeds to the selling securityholders from the sale of the ADSs offered by them will be the purchase price of the shares less discounts or commissions, if any. Each of the selling securityholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of shares to be made directly or through agents. We will not receive any of the proceeds from this offering.

We will pay all expenses of the registration of the ADSs, including, without limitation, SEC filing fees. We have agreed with the selling securityholders to use our best efforts to keep the registration statement of which this prospectus supplement constitutes a part effective until such time as the ADSs offered by the selling securityholders have been sold or otherwise transferred by the holder in accordance with such registration statement, the ADSs offered by the selling securityholders have been disposed of pursuant to Rule 144 under the Securities Act in circumstances in which any legend borne by such security relating to restrictions on transferability thereof is removed by the Company, the ADSs offered by the selling securityholders may be resold pursuant to Rule 144 without condition or restriction (including without any limitation as to volume of sales and without the selling securityholder complying with any method of sale requirements or notice requirements under Rule 144 and without the need for the Company to be in compliance with current public information), or such security shall cease to be outstanding following its issuance.

We also agreed, among other things, to indemnify the Purchasers, their partners, members, officers and directors, and each person who controls such Purchasers, from certain liabilities and to pay certain expenses incurred by us in connection with such registration.

In order to comply with the securities laws of some states, if applicable, the ADSs may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the ADSs may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.
